

Resin Adhesives

Updated on 10-11-16

NOTE: Effective 5-14-03, these type of products must be submitted by July 1st. Testing will be done in the month of July only.

NOTE: For embedding dowel bars, threaded rods, rebars, and other fixtures in hardened concrete

Added 8/11/06:

NOTE: The viscosities of these products vary.

Before using any of these products, the contractor should contact the product manufacturer regarding the actual field application for the product, (re: horizontal position only or vertical position only or may be used for both)

Added 2-07-08

NOTE: These products should not be used in sustained tensile-load applications.
